NATURAL ZEOLITE FOR GREENTECH SOLUTIONS

WHO WE ARE

Canadian Zeolite Corp is a Vancouver based company involved in the exploration, development and production of the industrial mineral zeolite. The Company is a producer of natural zeolite from several of its deposits in British Columbia, Canada. Without getting technical, zeolite is a natural occurring mineral with many "Green Tech" applications in the areas of odour reduction for municipal composting, zeoponics and zeolitic fertilizers for greenhouse and outdoor growing mediums, animal feed supplement, road salt replacement and waste-water filtration.
